VIII. Read these reviews of four books, then look at the sentences below. Decide which book each sentence matches. (10p)

A

I have read several books by Darren McCough and his novel is as good as all his others. Most of McCough's stories happen in Australia because that is where he comes from. This one starts on a beach in Spain and finishes up a mountain in China. It is very exciting and the ending is a surprise.

B

Like all Sergio Sanchez's books, this one is very popular in South America and Spain. I've wanted to read it for a long time and now I can because it is available in English. It is about a journey which a group of people made across Argentina at the beginning of the last century.

C

This is the third book Colin Wesley has written about animals but I enjoyed this one the most. It is easier to read than the others and the photographs are beautiful. Wesley spent a year living in Australia taking photos and writing about Australian animals. It costs a lot. (€30)

D

Ruth Rawlings takes 400 pages to write about the life of Maria Cornwell. She was an opera singer in the 1920s and she travelled all over the world. The book is very long but is not expensive at €10. Rawlings has not written a book before and I hope this is not the last one as it is very good.
